

Forecast For Wales
Issued by Met Office Exeter
at 1600 on Thursday 08 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain arriving overnight.

This Evening and Tonight:
Cloudy this evening with isolated showers in the north. A band of rain, often turning heavy, will move across Wales from the north through the early hours, becoming largely confined to the south by dawn. Winds easing and feeling cold. Minimum temperature 3 deg C (37 deg F).

Friday:
This rainband will clear Wales during the afternoon leaving behind it cloud and scattered showers. Cloud will clear through the early evening giving sunny spells for most. Maximum temperature 10 deg C (50 deg F).

Outlook for Saturday to Monday:
Sunny spells further west on Saturday with the risk of rain further east. Sunny spells and showers on Sunday. Turning dry with sunny spells on Monday. Feeling cold throughout.
